• **Faculty Assembly Committee Elections**
  - The ballot for Faculty Assembly Committees is available and will close at 11:59pm on Friday, April 27th. Successful candidates will be announced shortly thereafter.

• **Faculty Assembly Committee Status**
  - The Committee would like to initiate a discussion of changing the faculty status requirements for membership on Faculty Assembly committees. Currently, tenure or tenure-track status is required for membership on four of the five Faculty Assembly committees, and the Faculty Assembly Information Resources Committee requires four tenured faculty.
  - This requirement for tenure or tenure-track status precludes participation on these committees by many faculty all three schools, and has made it difficult to find sufficient numbers of qualified candidates.
  - Accordingly, the Elections Committee would like to engage the faculty in a discussion of whether and how to change the requirements for membership on Faculty Assembly Committees.
  - A request for input will be distributed at a later date. Participation is encouraged in this process to engage more faculty and improve faculty governance.

The FARC facilitates the annual Faculty Research Day, highlighting current faculty research and awarding major KUMC research awards.
