THE WRITING CENTER

OUR MISSION

The Writing Center at KU Medical Center is committed to assisting students, residents, and postdoc fellows who want to improve their writing skills.

THE IMPORTANCE OF WRITING

Good writing skills are essential to success in a healthcare career. Our consultants will work collaboratively with you to explore strategies to achieve your objectives.

WRITING CENTER STAFF

Our staff consists of the Graduate Writing Specialist, who has taught writing in college and worked as a writing center tutor for many years. The specialist is assisted by Writing Fellows, who are trained in tutoring to assist students in all fields and degree levels.

WHAT YOU CAN EXPECT

When you arrive, you and your consultant will engage in conversation about the assignment, topic, intended audience, purpose, and grading criteria.

WHEN IS THE BEST TIME TO VISIT THE WRITING CENTER

Early in the writing process so that you can get feedback as much as possible.

HOW DO I ACCESS WRITING SERVICES?

Book your own appointment at https://medconsult.kumc.edu or call 913-945-8477
