AGREEMENT

THIS AGREEMENT, by and between THE BOARD OF REGENTS OF THE STATE OF KANSAS (hereinafter "Board") 609 Capitol Tower, 400 S.W. 8th Street, Topeka, Kansas 66603-3911, U.S.A. and Medizinische Akademie Magdeburg (hereinafter "MAM") Leipziger Str. 44, O-3090 Magdeburg, Germany.

WITNESSETH:

WHEREAS, the Board is authorized by Kansas Statutes Annotated 74-3221 to enter into reciprocal agreements with the governing boards of colleges and universities of other countries for purposes of and relation to the exchange of students and faculty; and

WHEREAS, the parties hereto are mutually desirous of entering into such an agreement with relation to students of the University of Kansas Medical Center (hereinafter KANSAS) and MAM.

WHEREAS, the parties agree that it is to their mutual benefit and interest to set forth the terms of their understanding and agreement in writing;

NOW THEREFORE, in consideration of the above premises and the individual and mutual promises of the parties hereinafter set forth, and for other good and valuable consideration it is hereby agreed by and between the parties hereto:

1. That the term of this agreement shall begin on 1 October 1993 and terminate on 30 September 1994; provided, however, that the agreement shall continue thereafter automatically for successive one year terms, subject, however, to the right of either party at any time to terminate this agreement upon provision of written notice to the other of intent to terminate the contract within one (1) year from the date of the written notice.

2. That participating students from both institutions, including residents of the State of Kansas, shall pay tuition fees to their home institution and then study at the other institution without further charges for tuition fees. That students from MAM shall pay registration fees to KANSAS not to exceed $50 (US).

3. That the number of participants in the exchange shall be determined by mutual agreement between KANSAS and MAM each year. That the number shall be determined by the number of qualified applicants from MAM to KANSAS (see Requirements, appended) and the availability of physician-mentors in specific clinics at KANSAS.
4. Each institution will aim at maintaining a reciprocity in the number of students exchanged each year. In the event that a balanced exchange is not met during an academic year, adjustments will be made in following academic years.

5. That each institution shall advise the other of the academic requirements for admission to any program, department, school or college in which students will be exchanged.

6. That each institution shall arrange accommodations for visiting students; provided, however, that the cost of said accommodations shall be the responsibility of the visiting students. That information on the availability of said accommodations will be provided to the visiting students.

7. That each institution shall devise suitable programs of academic instruction for the exchange students and that each institution shall be responsible for any academic credit to be awarded to the students.

8. Each university warrants that official transcripts or written assessments of the students' completed work will be sent to the students' home university in a prompt and timely manner before the beginning of the next academic term.

9. That each institution will require that visiting students show evidence that they are covered by medical/health insurance while participating in the student exchange.

10. That each institution shall be responsible for the choice of students participating in the exchange, subject to fulfillment of KANSAS Requirements (see appended) and to final approval by the host institution.

11. That each participating student and/or his/her institution shall be solely responsible for travel arrangements and the costs thereof.

12. That students from each institution studying abroad under this exchange agreement shall be subject to the same rules and regulations as local students.

13. That upon registration, all participating students shall provide the host institution with the name, address and telephone numbers for three individuals who might be contacted in case of an emergency with regard to the students.

14. That each institution will designate an individual and office responsible for receiving written communications about this agreement.

15. In the event that any condition, covenant or other provision herein contained is held to be invalid or void by any court of competent jurisdiction, the same shall be deemed severable from the remainder of this Agreement and shall in no way affect any other condition, covenant or other provision herein contained. If such condition,
covenant or other provision shall be deemed invalid due to its scope or breadth, such condition, covenant or other provision shall be deemed valid to the extent of the scope or breadth permitted by law.

16. That this agreement may be amended at any time when agreed to by both parties. Any modification must be in writing and signed by both parties.
