Destination: Accra/Kumasi, Ghana
During the course we provided lectures and hands-on workshops for emergency responders from all across Ghana.

Education topics: airway management, EKG interpretation, EMS pharmacology, respiratory distress, immobilization, BLS, ACLS, IO lab, and fracture treatment.

We taught, we laughed, we learned, and made new friends. Overall the course was a huge success.
Nurse anesthetists from hospitals throughout Ghana came to Kumasi for a two day conference.

Halie presented on EKG Interpretation and Treatment

Lindsey presented on Anaesthesia Management of Obstetric Haemorrhage.
