ST. PATRICK’S DAY
FROM: https://kidskonnect.com/holidays-seasons/saint-patricks-day/

• St. Patrick’s Day is the national holiday of Ireland and is celebrated on March 17. It has become a popular holiday in the United States.

• It is also believed St. Patrick drove all the snakes out of Ireland. However, post-glacial Ireland never actually had snakes. Many believe that the term “snakes” referred to the serpent symbolism of the Druids of that time and place. Today, there are no snakes to be found!

• Most people, whether they are Irish or not, wear green on this day. One of the Irish traditions is to pinch anyone who is not wearing green on St. Patrick’s Day.

• Irish immigrants began observing the holiday in Boston in 1737 and the first St. Patrick’s Day parade was held in New York City in 1766.

• The shamrock, pot-of-gold and leprechauns are also associated with St. Patrick’s Day. The shamrock was worn as a badge on the lapel. Three is Ireland’s magic number and the three petals that make up the shamrock are supposed to bring good luck. The three leaves also represent the Trinity in the Christian religion.

• St. Patrick’s Day has become a holiday all around the world and for one day out of the year anyone can be Irish and join in the celebration.
