THANKSGIVING
FROM https://www.factretriever.com/thanksgiving-facts

• Thanksgiving is ranked as America's second most popular holiday, after Christmas.

• Thanksgiving is an amalgam of different traditions, including ancient harvest festivals, the religious New England Puritan Thanksgiving, the traditional harvest celebrations of England and New England, and changing political and ideological assumptions of Native Americans.

• The earliest Thanksgiving in Canada was held in 1578. Martin Frobisher in Newfoundland held a celebration for arriving safely in the new world. In 1879, Thanksgiving in Canada was set on November 6, though the date still varied considerably. Since 1957, Thanksgiving Day has been held on the second Monday in October.

• Long before the Pilgrims, native Hawaiians celebrated the longest thanksgiving in the world—Makahiki, which lasted four months, approximately from November through February. During this time, both work and war were forbidden.

• Thanksgiving can occur as early as November 22 and as late as November 28.

• Thanksgiving Day is actually the busiest travel day, even more so than the day before Thanksgiving, as most people believe.

Happy Thanksgiving
