Augusta High School
Augusta, Kan.

NIGHT @ THE LAB

Presented by:
The University of Kansas Medical Center
Area Health Education Center

Come spend a “Night @ The Lab” with high school students from south-central Kansas as they present evidence-based research to the community on topics related to cardiovascular and respiratory health issues.

- Teams from schools across the region will compete against each other
- Teams will be judged by a panel of community members
- Top team will be awarded with a trip to KU Medical Center to present their research to medical experts and compete against 5 other regional winners
