The June edition of the Continuing Education Calendar will be the final publication of the calendar.

The KU Area Health Education Center remains committed to communicating the many continuing education events with which we are involved through our online calendar which can be found at www.kumc.edu/AHECcalendar. The program listings on the online calendar can be updated in real-time, so each time you view a program, you will be viewing the most up-to-date information. Additionally, for many of our programs, you can register online right from the calendar. Lastly, many of our programs have a flyer which can be downloaded from the online calendar.

For those who receive the postcard in the mail: You will continue to receive the postcard, however it will contain a highlight of the programs available in that month, with more info available online.

For those who receive the email notification: You will continue to receive the email, however it will contain a highlight of the programs available in that month with more info available online.
