

# Healthy Hawks 3rd Annual Bike Drive, June 5th, 2010

When families arrived, they were greeted by several local community organizations who had set up tables with free information and helpful equipment (smoke detectors, etc.).

Families were then fitted for free bike Helmets by Headstrong for Jake, one of our great community partners.

Children were then paired up with a Healthy Hawks staff member who helped them select an appropriate bike and fit it to them.

After they received their bikes, children were invited to participate in a Bike Rodeo to learn about bike safety and try out their new bikes. At the end of the morning, we had given away 113 bicycles and saw some very happy children – many of whom were riding a bike for the first time!

## Healthy Hawks

Helping tennis shoes, fruits and veggies make new friends since 2006
