

Healthy Hawks 4th Annual Bike Drive, June 4th, 2011

When families arrived, they were greeted by a DJ – something new this year!

Families were then fitted for free bike Helmets by Headstrong for Jake, one of our great community partners.

Children were then paired up with a Healthy Hawks staff member or community volunteer who helped them select an appropriate bike and fit it to them.

After they received their bikes, children were invited to participate in a Bike Rodeo to learn about bike safety and try out their new bikes.

At the end of the morning, we had given away 115 bicycles and saw some very happy children – many of whom were riding a bike for the first time!
