

Healthy Hawks 8th Annual Bike Drive

June 6, 2015

Thanks to a great partnership with the KU Alumni Association, we collected over 70 bikes! All the bikes were cleaned and repaired, thanks to a great group of volunteers (especially Howard and Hunter!).

We were also very fortunate to partner with the KU Hospital Heroes, who fitted helmets.

Each child was fitted for a new bike helmet, thanks to a grant from the KDHE Injury Prevention Mini Grant Program, and the Support of KU Alumni Association.

Because of the rain, we gave the bikes away in the garage at the KUMC Westwood Campus – families didn't seem to mind a bit. The few leftovers went to Revolve KC – check them out! They're a great bike organization in KC that has an "earn a bike" program.

By the end of the morning, 52 bikes and over 75 helmets were given out to Healthy Hawks families. Thanks to all of you who made this possible. Here's to a happy and Healthy Summer of 2015!

Healthy Hawks
