Charge to Develop Models of Interprofessional Collaboration

SHP Faculty Meeting
November 12, 2014
What is SHP already doing towards the development of new IP Models?

— Interprofessional Education

— Interprofessional Practice

— Interprofessional Research Collaborations
Defining Interprofessional Activities

• **Interprofessional education**: “When students from **two or more professions learn about, from and with each other** to enable effective collaboration and improve health outcomes” (WHO, 2010)

• **Interprofessional collaborative practice**: “When multiple health workers from different professional backgrounds **work together with patients, families, carers, and communities** to deliver the highest quality of care” (WHO, 2010)

Source: *Core Competencies for Interprofessional Collaborative Practice*
SHP Interprofessional Education

• Whole cohorts of students in a program participating

• Two or more SHP professions involved
  – Foundational TeamSTEPPS training (CIPES) I
  – Simulations with School of Nursing (SON)
  – Student Home Assessment (2nd Life)
  – Interprofessional Plan of Care (IPOC-SEEDS)
  – Geriatric Reynold’s SIM—(Barney 2.5)
