Reference Letter Requirements
For the Promotion and Tenure Application Process

Reference letters are extremely valuable to reviewers for the promotion and tenure process. Letters provide an important perspective for the applicant’s specific discipline by attesting to relevant experience, achievements, activities, abilities and character.

Applicants are strongly advised to contact references to only validate contact information and willingness to provide letters (not to officially request the letter). An application will be considered incomplete if the minimum number of required reference letters is not received.

All letters are requested by the School of Medicine (SoM) Faculty Affairs and Development offices from the Kansas City and Wichita Campuses. Applicants must provide accurate contact information for referees by completing the Referee Contact Form in the Promotion and Tenure SharePoint site.

ELIGIBLE REFEREES
The number of reference letters and eligibility requirements vary by rank and track. Referees should be well-qualified clinicians, educators, scholars, and/or scientists who are able to provide a fair and objective evaluation of the applicant’s work.

Referees rank should be equivalent to or higher than the applicant’s proposed rank.

INELIGIBLE REFEREES
- Department Chair (letter is already required)
- All Department APT Committee members within the applicant’s department (committee already submits a letter)
- All SoM APT Committee members (Kansas City and Wichita campuses); Committee Rosters
- SoM Executive Dean-Kansas City, Campus Deans-Wichita and Salina, Faculty Affairs Deans, Executive Vice Chancellor, Vice Chancellor of Academic Affairs, KU Chancellor
  - Note: Other members of the Executive Dean’s Office-Kansas City and the Dean’s Offices-Wichita and Salina may provide reference letters

Requirements for the minimum number of reference letters and referees are stated in the table below.

* Kansas City Internal Medicine Faculty
Internal Medicine Faculty (KC only) on the Clinical, Clinical Scholar, Educator, and Affiliate (Clinical) Tracks, can use references from divisions other than their own. For Associate Professor, ONE reference from a different division may be used. For Full Professor, TWO references from a different division may be used.

NOTE: For departments with divisions other than Internal Medicine, please contact the Faculty Affairs and Development (FAD) office to determine eligibility.
