KU Medical Center students who are enrolled in on-campus programs and their dependents (legal spouses and children under 26 years of age) are eligible to enroll in a special voluntary health insurance plan sponsored by the Kansas Board of Regents and underwritten by UnitedHealthcare Student Resources Insurance Co. at a reduced premium rate. This plan is available due to the requirement for insurance for health professions, nursing, and medical students at the Regent universities.

Eligibility

All students must be enrolled in an on-campus program. Students enrolled in online-only or distance-learning programs are not eligible for the student health insurance.

Undergraduate students must be enrolled in 6 or more on-campus credit hours in the Fall to be eligible for the Annual or Fall terms, 6 or more on-campus credit hours in the Spring to be eligible for the Spring or Spring/Summer terms, and 3 or more on-campus credit hours in the Summer to be eligible for the Summer term.

Graduate students must be enrolled in 3 or more on-campus credit hours in the Fall to be eligible for the Annual or Fall terms, 3 or more on-campus credit hours in the Spring to be eligible for the Spring or Spring/Summer terms, and 3 or more on-campus credit hours in the Summer to be eligible for the Summer term. Participation in a school-approved internship or clinical rotation during any semester also satisfies eligibility requirements.

Enrollment

- To review the entire plan, go to uhcsr.com/kumc and click on the Health Science Students tab.

- To enroll in the plan, access the KUMC health insurance enrollment request and complete the online enrollment form. The student’s eligibility for the plan will then be verified by the Office of Admissions. If verified, UHCSR will send the student an email with a premium payment link. Insurance is activated when premium payment has been received by UHCSR.
