Presents:
Back-to-School ECHO

Calling all: School Nurses, School Psychologists, School Social Workers, Primary Care and Behavioral Health Clinicians

You and your colleagues are invited to join us in a four week ECHO focused on specific student issues. We’ll have a new panel of experts each week offering you the latest evidenced-based research and suggestions for best practices when these issues come to you.

Curriculum:

1. Concussion…Return to Play and to Learn
2. Stressed Students…Anxiety, Distress and School Avoidance
3. Chronic Illness at School…Diabetes and Asthma
4. Student Obesity

Thursday -- 10:00 AM till 11:00 AM
September 21
September 28
October 5
October 12

No-cost CE/CME/CNE

Extension for Community Healthcare Outcomes

Moving Knowledge, Not Patients

Through technology-enabled collaborative learning, ECHO creates access to high-quality specialty care in local communities.

Hub and spoke knowledge-sharing networks create a learning loop:
- Community providers learn from specialists.
- Community providers learn from each other.
- Specialists learn from community providers as best practices emerge.

Doing More for More Patients

PATIENTS
- Right Care
- Right Place
- Right Time

PROVIDERS
- Acquire New Knowledge
- Treat More Patients
- Build Community of Practice

COMMUNITY
- Reduce Disparities
- Retain Providers
- Keep Patients Local

SYSTEM
- Increase Access
- Improve Quality
- Reduce Cost

KUMC ECHO Series

Asthma
Child Behavioral Health:
- ADHD
- Pediatric Psychopharmacology
Pain Management

Your suggested topic?

Inside KUMC ECHO

1. Use technology to link inter-disciplinary community teams with specialists
2. Apply case-based learning
3. Share “best practices” evidence-based health care
4. Evaluate and monitor outcomes

Goal: Improved outcomes for Kansas patients
