Services and Supports
This program allows physicians and other clinicians in Kansas to connect with a social work care coordinator for referral information and mental health resources. The physician and/or clinician can also receive case consultation services from the Pediatric Mental Health Team, which includes a child and adolescent psychiatrist, a child and adolescent psychologist, a pediatrician.

The KSKidsMAP Pediatric Mental Health Team can provide recommendations and education based on best practices to screen, assess, diagnose and treat children and adolescents who are presenting with behavioral challenges.

The KSKidsMAP Consultation Line is open 8 a.m.-5 p.m. Monday-Friday, except for holidays. Any contact received after hours will be returned within the next business day.

What to expect from ECHO KSKidsMAP?
ECHO KSKidsMAP is a virtual clinic that will meet two times a month for case consultation and didactic learning on childhood and adolescent mental health needs in primary care settings.

ECHO KSKidsMAP provides:
• Free continuing education for participants
• Opportunities to network with providers across the state
• Ongoing support for clinicians
