

# PROJECT ECHO

Extension for Community Healthcare Outcomes

**Calling all: Pediatric and Family Practice Providers, Early Childhood Professionals, Community Partners and others interested or passionate about assuring all children in Kansas receive age-appropriate screenings and interventions**

## Beyond the Developmental Screen

Helping children thrive by ensuring age-appropriate screening, early interventions, referrals, and diagnosis.

*Join the discussion on identifying and responding to potential delays following a developmental screening.*

- ✓ Importance of early screening, assessment and referrals
- ✓ Developmental screening efforts in Kansas
- ✓ Strategies to conduct developmental screenings
- ✓ Value of referrals to intervention and diagnostic services
- ✓ Communicating across systems to families
- ✓ Connecting families to necessary resources and services

**Join us:**

**Wednesdays 12:00 till 1:00 PM  
June 5, 12, 19 and 26**

**Register:** Enter "KUMC Project ECHO" into your web browser  
**Select:** Beyond the Developmental Screen *ECHO*

# Empowering Participants

Extension for Community Healthcare Outcomes

## Moving Knowledge, Not Patients

ECHO uses video-conferencing technology to offer mentoring. Connect from your computer, with a webcam and microphone, a tablet or smart phone to gain access to case-based learning and interdisciplinary teams.

## Tele-ECHO Model

- Collaborative education
- Democratize and de-monopolize knowledge linking inter-disciplinary specialty team with multiple primary care clinicians
- Experts mentor and share their expertise across a virtual network

## ECHO Partners

## Tele-ECHO Clinic

- Acquire new skills and competencies
- Become part of a community of practice and learning
- Gain access to inter-professional team of specialty providers and colleagues to offer support in how to manage patients with complex conditions
- Increase their professional satisfaction

- Helps provide better access for patients in rural and underserved communities
- Reduces treatment disparities
- Provides rapid dissemination of new knowledge
- Promotes consistency in care and practice
- Spreads knowledge, expands capacity and accelerates collective wisdom

# Beyond the Developmental Screen

Helping children thrive by ensuring age-appropriate screening, early interventions, referrals, and diagnosis.

**CME/CNE/CE:** Application has been made for continuing education credit for Physicians, Nurses, and Social Workers. Other participants may request a certificate of attendance.
