

# PROJECT ECHO

Extension for Community Healthcare Outcomes

**Calling all:**

**Kansas City District Food and Drug Administration Employees**

## **Do you recognize signs of USE or MISUSE of Opioids?**

*The opioid epidemic continues to be one of the greatest challenges  
facing this nation and the FDA.*

Commissioner Scott Gottlieb, MD – February 2019

Your wellness committee is inviting you to

## **Join us for an Opioid Awareness ECHO**

**(offered via Zoom - a web-based teleconferencing platform)**

for the employees of the Kansas City District  
US Food and Drug Administration

**Thursday  
March 7, 2019  
1:00 - 2:30 pm**

## Opioid Awareness ECHO offers you the opportunity to...

- ✓ Interact with and learn from our Interdisciplinary Team
  - ✓ Learn to recognize opioid misuse
- ✓ Discuss ways to have a conversation with someone potentially abusing opioids or at risk for opioid overdose
- ✓ Understand how the Opioid crisis impacts all of us – at work, at home and in our communities
  - ✓ Recognize the characteristics of opioid withdrawal
- ✓ Discover where you can find resources to offer help in treating opioid use disorder

*80% of Americans with Opioid Use Disorder  
don't receive treatment.*

Journal of American Medical Association

**You can help make a difference!**

### How to Register:

1. Enter “KUMC Project ECHO” into your web browser
2. Under “Current ECHO Series”
3. Select: FDA Opioid Awareness ECHO

*Funding for this initiative was made possible (in part) by grant no. 1H79TI080816-01 and 6H79TI080816-02 from SAMHSA. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services; nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.*
