School of Allied Health
Health Information Management Program**

TECHNICAL STANDARDS FOR ADMISSION AND RETENTION

Technical standards identify the requirements for admission, retention and graduation of applicants and students, respectively. Therefore, it is the responsibility of the HIM student to notify the chair of the Department of Health Information Management if there is a reason he/she cannot meet these requirements with or without reasonable accommodations. If you have any questions about the process for requesting accommodations, please contact: Carol Wagner, Equal Opportunity/Disability Specialist, Equal Opportunity Office, University of Kansas Medical Center, at 913-588-7813, TDD 913-588-7963.

Please sign and date this form, and return it to the Health Information Management program no later than May 1.

I verify that to my knowledge I can meet the described technical standards listed within the "Department of Health Information Management Technical Standards".

Please review my particular situation relative to the following technical standards:

- _____ 1. Observational Requirements
- _____ 2. Communication Requirements
 - _____ a. Verbal/non-verbal communication
 - _____ b. Written communication
- _____ 3. Sensorimotor Requirements
- _____ 4. Intellectual, Conceptual, Integrative, Quantitative, and Problem-Solving Requirements
- _____ 5. Judgment Requirements
- _____ 6. Behavioral and Social Attitude Requirements
