Dear Residency/Fellowship Program Applicant,

Thank you for considering the University of Kansas Medical Center for your residency/fellowship training. Choosing a residency program is one of the most important decisions of your medical career. In order to facilitate your application process at KUMC we recommend you review the following link <http://gme.kumc.edu/applicants.html> which is located on the KUMC Graduate Medical Education webpage. This link provides important information regarding the application and selection process for all training programs at KUMC, as well as the appointment terms, benefits and conditions that our residents and fellows enjoy at KUMC. It is important to remember the application to residency and fellowship programs is program specific. Please communicate directly with each program regarding their specific application process.

The University of Kansas Medical School Graduate Medical Education Office also provides written policies and procedures for resident training. These are important resources for you to know as you proceed through the application process. These policies and procedures can be found through the following link <http://gme.kumc.edu/documents/GMEManual.pdf>.

Thank you again for your interest in the University of Kansas Medical Center for your residency/fellowship training. Best of luck as you enter the next stage of your medical career. Please let us know if the GME Office can provide any assistance or information.

Terry Tsue, MD FACS
Associate Dean of Graduate Medical Education
Professor and Vice-Chairman
Douglas A Girod MD Professor of Head and Neck Surgical Oncology
Department of Otolaryngology-Head and Neck Surgery
University of Kansas School of Medicine
