

K-INBRE CORE FACILITY AWARDS

Purpose: This award is for the purpose of providing funds to institutional core facilities that support the research focus of the K-INBRE, Cell and Developmental Biology. Proposals are limited to one year of funding.

Eligibility:

- Tenure track, Research track and Clinical track faculty investigators directing core facilities that serve K-INBRE investigators in all areas of Cell and Developmental Biology including reproduction and embryonic development, organogenesis, developmental neuroscience and cellular and developmental pathologies are eligible to apply for support.
- There are no restrictions on the number of proposals that may be submitted per institution although only one application per core facility will be accepted.
- Repetitive applications are not encouraged.

Criteria: Core Service grant proposals will be evaluated in terms of:

- Relevance to cell and developmental biology research initiatives in the State of Kansas
- Structure benefiting multiple departments and investigators on multiple K-INBRE campuses

Proposal format: The proposal should consist of a cover page (below), no more than 4 pages of documentation relative to the criteria stated above and a budget. Include the number, names and grant support of the primary core participants. Matching funds, although not required, will strengthen the application and give evidence of departmental and institutional support. Each application should be submitted as a single PDF file. Submit proposals to Heiata Chapman (hchapman@kumc.edu). Please mail one hard copy with original signatures to:

K-INBRE Administrative Office
University of Kansas Medical Center
Mail Stop 3050
3901 Rainbow Blvd.
Kansas City, KS 66160

Submission: All submissions must be received in the K-INBRE Administrative Office by 5:00 p.m. on February 1. The hard copy can follow in the mail. Announcements of awards will be made on May 1. Funds will be made available May 1 and must be spent or encumbered by April 30 of the following year.

(KU-Lawrence submissions should have a signature from an authorized official prior to submission to the K-INBRE Administrative Office).

Evaluations and funding: Proposals will be evaluated and prioritized for funding by the Incentives and Awards committee. Budgets may not exceed \$40,000 (direct costs). Facilities & Administrative Costs (F & A) can be added at 30% Modified Total Direct Costs (MTDC) or 30% Salary & Wage (S & W) as appropriate to your campus for F&A recovery. Awards are contingent on availability of future funds from the NIH.

Acknowledgement: **When K-INBRE funds have supported your research, please remember to acknowledge this support by including the grant number P20 RR016475, regardless of the time period between receipt of funding and the publication or presentation.**
