

HOW TO “THINK THROUGH” A GRANT BUDGET

**BASIC SCIENCE,
CLINICAL &
EDUCATIONAL
GRANT
INFORMATION**

Are you clueless regarding budgets?

Do you know what to include in a grant budget or do you just pick a number and go for it?

If your grant was funded for less than requested, would you know where to cut your expenses or would you give up your own time and end up working for nothing?

This session is designed to help you think through all the factors involved in preparing a budget for a grant proposal.

SPEAKER: TED KNOUS, PhD, Associate Vice Chancellor for Research Administration-KUMC & Executive Director of the Research Institute

What is a budget and how to know what to ask for
How to translate project goals into a realistic budget
Sample spreadsheets
How to find out salary for staff included in your grant
Co-PI's – how to handle them in your budget
Sub-contracts and sub-awards
Interactions with the Lawrence campus or collaboration with other KUMC departments
What to cut when your grant is funded for less than you requested
Basic science research vs. clinical research vs. educational grants
Have all your expenses been covered?
