

The University of Kansas Medical Center Request for Release of Educational Records

The Family Educational Rights and Privacy Act (FERPA) prohibits an educational institution from releasing confidential, non-directory information about a student without the student's consent. However, a university may release information to another party with the student's consent. This consent form will allow KUMC to release your student information. This form must be completed for each individual release of information

Student Name	
KUID	
Department	
Information to be Released	
Recipient of the Information	
Purpose of Release	
Student Signature	
Date
