RESEARCH OPPORTUNITY

Researchers at the Center for Child Health and Development (CCHD) at the University of Kansas Medical Center are conducting a study exploring friendships in high-school aged students with and without autism spectrum disorders.

Participation includes:

- Approximately 1-hour visit to CCHD or KU Edwards Campus with one parent
- Participants and their parent will complete paper-based and internet-based surveys about how they communicate and interact with their friends
- Participants can acquire one hour of community service

Participant Eligibility:

- Participants with and without autism spectrum disorders
- Participants must be between the ages of 14 and 19.

To participate, contact:

Matt Braun at 913-588-0079 or mbraun@kumc.edu
