Pediatric respiratory disorders are responsible for a significant number of acute and chronic health conditions and are a leading cause of pediatric emergency room visits and hospitalizations. They are also the most frequent reason children consult a primary care provider, accounting for about 25% of all clinic visits. Chronic respiratory disorders can also have a negative impact on school attendance with asthma being a leading cause of school absenteeism. This series is designed to provide current information to assist in the diagnosis and team based approach to management of pediatric acute and chronic respiratory disorders.

**Series Schedule**

All sessions will be held from 12 - 1 p.m. (CST) *(Topics, speakers, and dates are subject to change)*

- **January 12, 2021** The Ins and Outs of RSV Management

KU Medical Center Area Health Education Center Presents:

Brown Bag Webinar Series

Respiratory Issues and the Pediatric Patient

January 12, February 18, March 23, and April 13, 2021

Objectives
At the conclusion of the series participants will be able to:

- Identify health equity issues that can impact health outcomes for children with acute and chronic respiratory disorders.
- Apply current evidence based recommendations on management into daily practice.
- Implement effective communication techniques and strategies to use with the health care team, patients, families.
- Collaborate with the patient, family and other resources in the community to improve outcomes.

Cancellation Policy
Registrations may be cancelled no later than January 11, 2021 to receive a refund minus a $15.00 administrative fee. After that time, no refunds are made. The registration fee will not be transferred to future offerings. Refunds are made by mail. KU Medical Center AHEC reserves the right to cancel the program and return all fees in the event of insufficient registration. KU Medical Center AHEC will not be responsible for any losses incurred by registrants, including but not limited to airline cancellation charges or hotel deposits.
