

CLS - Clinical Professional Evaluation

It is our goal to ensure that students entering the clinical laboratory sciences profession do so with comprehension of behavioral standards expected. For each of the areas below, please indicate the percentage of time the student exhibits the listed behavior. Please provide a rating from 100% - 0%, with 100% indicating that the student exhibits the behavior 100% of the time, and 0% indicating the student exhibits the behavior 0% of the time. If your experience with a student did not provide you with a basis to evaluate in a specific area, please indicate N/A.

Would you hire this person for an open position in your laboratory if you had the authority to do so?

If you or your family were a patient in this facility, how would you feel about having this individual perform your laboratory testing (assume completion of standard new-employee competency assessment as conducted in your lab)?
