

# JEANNINE R. GOETZ, PHD, RD, LD

## FACULTY CURRICULUM VITAE

---

**TITLE & AFFILIATION** Assistant Professor  
Dietetics and Nutrition, University of Kansas Medical Center

**OFFICE:** Department of Dietetics and Nutrition  
University of Kansas Medical Center  
DELP G027 B  
3901 Rainbow Blvd. Mail Stop 4013  
Kansas City, KS 66160-7250  
Phone: 913-588-1449  
Fax: 913-588-8946  
Email: jgoetz@kumc.edu

### EDUCATION

---

B.S. 1997-2001 Dietetics, University of Central Missouri; Warrensburg, Missouri  
M.S. 2001-2003 Dietetics and Nutrition, University of Kansas Medical Center; Kansas City, KS  
Ph.D. 2004-2008 Therapeutic Science, University of Kansas Medical Center; Kansas City, KS

### DIETETIC INTERNSHIP (COMPLETED 2002):

**Management Experience:** Shawnee Mission Medical Center; Merriam, Kansas.

**Community Experience:** Johnson County Health Department, Merriam, Kansas.

**Clinical Experience:** Kansas City Veterans Administration Medical Center; Kansas City, Missouri.

**Renal Rotation:** Kansas City Veterans Administration Medical Center; Kansas City, Missouri.

**Burn Rotation:** University of Kansas Medical Center; Kansas City, Kansas.

**Pediatric Rotation:** DDC, University of Kansas Medical Center; Kansas City, Kansas.

**Elective Rotations:** Diabetes Camp Sponsored by Children's Mercy Hospital.

**Staff Relief Rotation:** Kansas City Veterans Administration Medical Center; Kansas City, Missouri.

**REGISTERED DIETITIAN:** #R-887579

**LICENSE NUMBER:** 1211

**CERTIFICATIONS:** Nutrition Data Systems for Research, 2004; PeopleSoft Financials, 2006

### PROFESSIONAL EXPERIENCE

---

2009-present Assistant Professor, Department of Dietetics and Nutrition, University of Kansas Medical Center, Kansas City, Kansas.

2009-2014 Assistant Director of Weight Control Research Programs (WCRP), Energy Balance Laboratory, University of Kansas, Lawrence, Kansas.

2008-2009 Research Assistant Professor, Department of Dietetics and Nutrition, University of Kansas Medical Center, Kansas City, Kansas.

2007-2008 Bionutrition Research Manager, General Clinical Research Center, University of Kansas Medical Center, Kansas City, Kansas.

2003-2008 Research Associate, Department of Dietetics and Nutrition, University of Kansas Medical Center, Kansas City, Kansas.

2002-2003 Graduate Research Assistant, Department of Dietetics and Nutrition, University of Kansas Medical Center, Kansas City, Kansas.

### **CONSULTATION EXPERIENCE**

- 2010-2011 Center for Psychiatric Research University of Illinois – Chicago. Training peers and providers to manage weight and wellbeing through a nutrition and PA curriculum: Intervention development consultant.
- 2009-2010 University of Missouri, Kansas City – Department of Psychology. Weight loss programs for individuals with serious mental illness: Dietary Assessment Consultant.
- 2009-2010 Nutranet. Kansas City, KS. Ala Healthy Grant: Statistics and Measurement Consultant.
- 2005-2006 Blue Cross & Blue Shield, Kansas City, Missouri. - School Wellness Policies: Nutrition Consultant

### **PROFESSIONAL AFFILIATIONS**

- Academy of Nutrition and Dietetics, 1999-present
- Missouri Dietetic Association, 1999-2001
- Kansas Dietetic Association, 2001- present
- Kansas City Dietetic Association, 2001-present
- Obesity Society, 2012 - present
- US Psychiatric Rehabilitation Services, 2008-2010
- Behavioral Health Dietetic Practice Group, 2008-2014
- Weight Management Dietetic Practice Group, 2008-present
- Research Dietetic Practice Group, 2012-2014
- Nutrition Educators of Health Professions (NEHP), 2015-present
- FNS Outreach Coalition, 2010 - present

### **PROFESSIONAL ACTIVITIES**

- Core Director, Center for Physical Activity, Nutrition and Weight Management (2009-2010)
- Full Member, Center for Physical Activity, Nutrition and Weight Management (2009-2010)
- Awards and Honors Co-Chair, Kansas City Dietetic Association (2005-2006)
- Awards and Honors Chair, Kansas City Dietetic Association (2006-2007)
- Awards and Honors Committee Member, Kansas City Dietetic Association (2007-2008)
- Membership Co-Chair, Kansas City Dietetic Association (2007-2008)
- Membership Chair, Kansas City Dietetic Association (2008-2009)
- Healthy Kids Grant Committee, KC healthy Kids & Kansas City Dietetic Association (2007-2008)
- Conference Final Planning Committee, Kansas Dietetic Association (2007-2008, 2008-2009, 2009-2010, 2010-2011)
- Council on Professional Issues Chair-Elect, Kansas Dietetic Association (2007-2008)
- Council on Professional Issues Chair, Kansas Dietetic Association (2008-2009)
- Awards and Scholarship Chair, Kansas Dietetic Association (2009-2010, 2010-2011, 2012-2013, 2013-2014); Co-Chair 2011-2012

### **KUMC COMMITTEES & ACTIVITIES**

- 2010-2013 School Health Professions Research Committee (First term)
- 2015-2018 School of Health Professions Research Committee (Second term)
- 2012-2013 School Health Professions Research Committee, Chair
- 2011-2015 Student Research Forum Judge
- 2012-2013 FARC, Member
- 2012-2013 School Health Professions Steering Committee, Member
- 2012-2013 School Health Professions Strategic Plan (Obj B-1) Track Leader
- 2014- FY2015 review of Frontiers Pilot Program Grant Applications

## **DEPARTMENT COMMITTEES/DUTIES**

2013- Program Director, GPIDEA (Online Master's Program)  
2013- GP IDEA Annual Assessment Committee  
2010-2011 PhD Faculty Search Committee – Secretary  
2009- PhD Faculty Committee  
2009-2010 Clinical Nutrition Seminar Planning Committee  
2008 SWAT Analysis (Interviewed interns/MS students to assess program strengths/weaknesses)

## **HONORS AND AWARDS**

---

Stata Norton Distinguished Teaching Award, University of Kansas Medical Center, 2014  
Leading Light Award, University of Kansas, 2013  
Recognized Young Dietitian of the Year (RYDY), Kansas Dietetic Association, 2009  
Recognized Young Dietitian of the Year (RYDY), Kansas City Dietetic Association, 2008  
Received Honors for Doctoral Dissertation Defense, KUMC, 2008  
Recipient of the E. Roose Scholarship, KUMC, 2007  
Received Honors for Master's Thesis Defense, KUMC, 2003  
Recipient of the Rowena Sherrill Award, KUMC  
Recipient of the KUMC School of Allied Health Dean's Scholarship, 2002  
B.S. Summa Cum Laude, 2001  
M.S. Summa Cum Laude, 2003  
Who's Who in American Universities and Colleges, 2001  
Phi Kappa Phi National Honor Society  
Kappa Omicron Nu (Dietetics Honor Society), 2000-2001  
Charno Award Finalist (CMSU's highest award for graduating students)

## **RESEARCH EXPERIENCE**

---

### **ACTIVE GRANTS**

#### **Donnelly (PI)**

03/06/15 – 02/28/20

NIH RO1 (HD079642)

*Weight Management in Adolescence with IDD*

Major Goals: To compare weight loss from 0-6months between groups randomized to Face-to-Face (FTF)/Conventional Diet (CD) vs. Technology delivered (TECH)/CD and TECH/CD vs. TECH enhanced Stop Light Diet (eSLD).

Role: Co-I

#### **Goetz (PI)**

SHP Grant (Internal Funding)

07/01/14 – 05/01/16

*Effect of a Very Low Calorie Diet and Low Calorie Diet on Moderate to Severe Obstructive Sleep Apnea in Obese Adults*

The goal of this project is to explore the impact of two different structured weight loss diet intensities on OSA severity compared to a usual care group. We will also determine if a weight maintenance intervention designed to reduce participant burden yet provide frequent ongoing contact and accountability can effectively sustain improvements in apnea hypopnea index (AHI).

Role: PI

**Goetz (PI)**

Frontiers/Clinical Pilot

03/01/14 - 02/28/16

*The Sensible Weigh: A Weight Management Intervention Tailored to Low Income Women*

Major goals: Examine the feasibility of implementing a program tailored to provide the skills, knowledge and resources necessary to increase food security while also addressing other barriers of low income women.

Role: PI

**Hull/Goetz (Co-PI)**

06/01/14 – 05/31/15\*

Blue KC Outcomes Research Grants

*Novel Methods to Prevent Excessive Gestational Weight Gain in Overweight Women*

Role: Co-PI – Oversee development of lifestyle intervention materials, provide training and quality assurance for group based phone counseling sessions and to provide training and oversight for data collection for dietary assessments during pregnancy.

\*\*no cost extension granted

**Donnelly (PI)**

R01 HL11842 (NIH)

05/4/2012 – 04/30/17

*A Randomized Trial of Recommendations for Exercise to Prevent Weight Gain*

Major Goals: Randomized trial to evaluate the efficacy and public health impact of 3 different exercise regimens (1,000, 2,000 or 3,000 kcal per week) to prevent weight regain following weight loss.

Role: Co-Investigator

**Sullivan and Donnelly (Co-PI)**

R01 DK094833 (NIH)

09/25/12 - 06/30/16

*A Virtual Reality Intervention (Second Life) to Improve Weight Maintenance*

Major Goals: The proposed investigation explores alternative delivery systems for weight management. We propose a randomized trial to test the effectiveness of a phone based weight management program compared to a Second Life program for weight maintenance.

Role: Co-Investigator

**PENDING GRANTS****Hull (PI)**

NIH RO1

04/01/16 – 03/31/21

*Novel methods to encourage appropriate gestational weight gain*

Major Aims: To assess the equivalency of two interventions (single component (fiber) vs. multi-component intervention) to prevent excessive gestational weight gain.

Role: Co-Investigator

**COMPLETED GRANTS****Donnelly (PI)**

07/01/10 - 06/30/15

R01 DK083539-01A2 (NIH)

*Weight Loss and Maintenance for Individuals with Intellectual Developmental Disability*

The goal of this project is to evaluate novel methods for weight reduction and the prevention of weight regain for individuals with intellectual and developmental disabilities.

Role: Co- Investigator

**Donnelly (PI)**

R01 DK076063

7/01/07 – 06/30/13

*Equivalent Weight loss for Phone and Clinic Weight Management Programs*

The objective of this grant is to determine whether equivalent weight loss is achieved when delivering an 18 month weight management program via phone compared to state-of-the art, behaviorally based in-person clinic sessions.

Role: Co-Investigator

**Goetz (PI)****KUMC Internal Funds (Start-Up Funds)**

09/01/09-12/31/10

*Assessment of the Validity and Stability of the US Household Food Security Questionnaire in Individuals with Serious Mental Illness*

The aim of this pilot is to assess the internal validity and stability of the US Household Food Security Questionnaire among individuals with Serious Mental Illness as well as to evaluate the impact of food insecurity of monthly weight fluctuations and dietary intake.

Role: PI

**Donnelly/Savage (PI)**

R01 DK080090

09/08/08-06/30/11

*Brain Function Predictors and Outcome of Weight Loss and Weight Loss Maintenance*

This project will characterize brain activation patterns associated with increased food motivation and impulsive eating in obese individuals, identify brain activation changes and predictors of initial weight loss, and predictors of weight maintenance.

Role: WCRP Assistant Director (health educator training and supervision)

**Washburn (PI)**

06/01/07-05/31/11

Dairy Management Inc. #01425

*Whey protein supplementation with resistance training: Effects on body composition of young adults*

The objective of this project is to determine the effect of 9 months of progressive resistance training with daily whey protein supplements on the body composition (changes in muscle and fat) in young adults.

Role: Co-Investigator

**Hamera (PI)**

1/01/07-12/31/10

R34 MH077282-02

*A Psychiatric Rehabilitation Approach to Weight Loss*

The objective of this project is to determine the efficacy of the Psychiatric Rehabilitation Weight Loss program in reducing weight and body mass index. Secondary aims include to determine efficacy of a maintenance and support program in achieving long-term weight loss and to determine if medications with different weight gain profiles moderate the effects of the intervention.

Role: Project Coordinator

**Sullivan (PI)****KUMC Internal Grant**

10/01/09-12/31/10

*Weight Management in Second Life*

The goal of this pilot study is to evaluate the feasibility of using Second Life as the vehicle to conduct a comprehensive weight management program.

Role: Co-Investigator

**Hamera (PI)**

R34 MH077282-02 (sub-study)

*Effect of Individualized Exercise for Individuals with psychiatric Disability on Activity Level.*

The goal of this pilot is to determine if tailored interventions to overcome barriers and increase support for exercise in home and neighborhood increase physical activity in individuals with psychiatric disabilities.

Role: Project Coordinator

**Brown (PI)**

4/01/08-7/01/08

Touro University (Internal funding)

*Piloting a Meal Assembly Intervention to Enhance the RENEW Weight Loss Program.*

The primary objective for this pilot was to examine the feasibility and acceptance of using a meal assembly program for preparing inexpensive, healthy meals. If effective, investigators will utilize the meal assembly method as a transfer training technique for transitioning off meal replacements during a weight loss intervention for individuals with serious mental illness.

Role: Consultant (Dietary Assessment Training and Analysis)

**Lundgren and Rempfer (Co-PI)**

1/01/09-12/31/09

Research Board Funding, University of Missouri – Kansas City

*Weight Management among Overweight and Obesity Individuals with Serious Mental Illness*

The objective of this research is to use constructs from a validated health behavior change model, Information-Motivation-Behavioral (IMB) skills model, to predict changes in eating behavior and weight after a brief weight management intervention. These data will be used to develop a comprehensive, ecologically valid and theoretically-based weight management program.

Role: Consultant (Dietary Assessment Training and Analysis)

**Sullivan (PI)**

01/01/04-12/31/06

Dairy Management, Inc.

*Synergistic effect of dairy foods on metabolism: a mechanistic study.*

The primary objective for the study is to compare the effects of dairy food versus calcium supplements on whole body metabolism (24-hour energy expenditure, resting metabolism, and fat oxidation rates).

Role: Study Coordinator

**Donnelly (PI)**

12/01/04-8/30/06

Dairy Management, Inc.

*Substrate oxidation in children in response to exercise with high and low dairy intake.*

The goal of this project is to see if increased dairy product consumption results in increased fat oxidation during exercise in children.

Role: Nutrition Coordinator

**Gibson (PI)**

08/01/05-07/31/06

Blue Cross – Blue Shield

*A Physical Activity and Nutrition Program for Pre-Kindergarten Children*

The goal of this project is to increase physical activity through Movement Exploration, and to improve the nutritional quality of snacks by increasing the amount of fruits/vegetables, dairy and whole grains that are provided within four Head Start programs.

Role: Study Coordinator

**Gibson (PI)**

01/15/06-12/31/06

HealthCare Foundation of Greater Kansas City

*Y Healthy Kids Program*

The goal of this program is to train YMCA staff to utilize Movement Exploration as a method to increase physical activity to a goal of 150 minutes per week. Additionally, snack menus are modified to provide decreased fat and appropriate calorie levels for preschool children by increasing fruits, vegetables, low-fat dairy, and whole grain products.

Role: Study Coordinator

**Gibson (PI)**

08/01/05-12/31/06

PE4LIFE

*An Evaluation of PE4LIFE Curriculum*

The overall goal of this evaluation was to determine if the PE4LIFE curriculum provides greater benefits (body composition, fitness, endurance, etc.) as compared to control sites.

Role: Evaluation Coordinator

**Washburn (PI)**

National Institutes of Health DK063458

10/01/02-9/30/05

*Prevention of obesity in YMCA daycare centers.*

The goal of this project is to prevent obesity in children attending YMCA afterschool daycare programs by increasing physical activity and decreasing dietary intake of energy and fat.

Role: Study Coordinator

**Sullivan (PI)**

Dairy Management, Inc.

9/01/01-6/30/04

*Effects of increasing dairy product consumption on blood pressure in a multi-ethnic population of elementary school children.*

The goal of this project is to provide two servings of dairy foods to children during school and evaluate the impact of the snacks on blood pressure, diet quality, and school performance.

Role: Study Coordinator

**Brown (PI)**

KUMC – Internal Funding

6/01/03-6/01/04

*Preventing Obesity in People with Schizophrenia.*

The aim of this project is to manualize an intervention approach to prevent obesity in individuals with schizophrenia. A secondary aim of the project is to pilot test the intervention to examine feasibility and provide preliminary efficacy. Pre and post-test outcome measures include weight, body mass index, time of participation in physical activity, and scores on the Health-Promoting Lifestyle Profile II.

Role: Nutrition Intervention Leader

**General Clinical Research Center – Research Involvement as Bionutrition Research Manager**

Anderson (PI)

“Supervised Exercise Program in Early Alzheimer’s Disease”

Role: Dietary Analysis (3 day food record review, entry and analysis)

Bhattacharya (PI)

“Hypovitaminosis D and an Inadequate PTH Response in Chronic Liver Disease Patients”

Role: Standardized Meals and Dietary Assessment (Derived two standardized breakfast meals, prepared test meals, provided instruction and analysis of food records)

Choi (PI)

Role: Nutrition Component (Counseled subjects on avoiding foods high in vitamin C, provided instructions for completing diet record and food frequency questionnaires (FFQ), and conducted data entry and analysis of diet record and FFQ).

Davis (PI)

“Enhancing Nutrition and Activity in Rural Children: The Healthy Schools Project”

Role: Dietary Training & Analysis (Providing training and reliability certification for conducting 24 hour dietary recalls. Also assisted with conducting 24-hour dietary recalls via phone, data entry, quality assurance and final analysis).

Ely (PI)

“Kansas Primary Care Weighs In 2”

Role: Dietary Analysis (24-hour dietary recall training and reliability certification, data entry and analysis)

Kluding (PI)

“Pilot Project of Health Promotion for People with Diabetes”

Role: Nutrition Component (Created a diabetes nutrition education curriculum modeled after the Diabetes Prevention Program (DPP) and other current diabetes practices. Lead weekly nutrition education sessions for 4 cohorts.

Leidy (PI)

“The Body’s Response to Food Intake in Adolescents”

Role: Test Meal Design and Implementation (Assistance in designing, calculating and testing three separate breakfast test meals and an ad libitum lunch buffet)

## TEACHING EXPERIENCE

Semester	Course Number and Name	Credits	# Students Enrolled
Summer 2009	DN 876 - Interventions for the Prevention and Treatment of Obesity	3	5
Fall 2009	DN 876 - Interventions for the Prevention and Treatment of Obesity	3	9
Spring 2010	DN 817 – Seminar in Dietetics and Nutrition (1 <sup>st</sup> Section)	1	9
Summer 2010	DN/DIET 876 - Interventions for the Prevention and Treatment of Obesity (Included GPIDEA students)	3	16
Fall 2010	DN 817 – Seminar in Dietetics and Nutrition (3 <sup>rd</sup> Section)	1	10
Spring 2011	DN 819 – Scientific Writing for Nutrition	1	10
Summer 2011	DN 819 – Scientific Writing for Nutrition	1	8
Fall 2011	DN/DIET 876 - Interventions for the Prevention and Treatment of Obesity (Included GPIDEA students)	3	28
Spring 2012	DN 819 – Scientific Writing for Nutrition	1	9
Summer 2012	DN 800 – Topics in Clinical Nutrition	1	1
Fall 2012	DN 876 - Interventions for the Prevention and Treatment of Obesity	3	8
Spring 2013	DN 819 – Scientific Writing for Nutrition	1	3
Fall 2013	DN/Diet 876 – Interventions for the Prevention and Treatment of Obesity (Includes GPIDEA students)	3	20
Spring 2014	DN/DIET 839 – Clinical Aspects of Nutrition Support (Co-Instructor)	3	20
Summer 2014	DN 880 – Dietary and Herbal Supplements (Co-Instructor)	2 - 3	12
F 2014	DN/DIET 876 - Interventions for the Prevention and Treatment of Obesity (Included GPIDEA students)	3	4
Sp 2015	DN/DIET 839 - Clinical Aspects of Nutrition Support (Co-Instructor)	3	23
F2015	DN/Diet 876 – Interventions for the Prevention and Treatment of Obesity (Includes GPIDEA students)	3	26

### GUEST LECTURES

My Research Experiences with Individuals with Serious Mental Illness. Seminar in Dietetics and Nutrition (DN 817), University of Kansas Medical Center, September 30, 2013.

Energy Balance, Body Weight and Composition; Nutrition in Sports and Exercise (DN 865). University of Kansas Medical Center, July 10, 2007.

Obesity among Individuals with Serious Mental Illness, Seminar in Dietetics and Nutrition (DN 817). University of Kansas Medical Center, February 19, 2007.

Conducting Dietary Assessments. Nutrition in Sports and Exercise (DN 865). University of Kansas Medical Center, 2005.

Calcium and Magnesium. Biochemical, Physiological, and Genetic Aspects of Human Nutrition (DN 36). University of Kansas Medical Center, 2005.

### **CONTINUING EDUCATION WORKSHOPS**

Healthy Lifestyles for Disease Prevention. Midwest Regional Health Professions Conference. (1 ½ hour Continuing Education Session). Pittsburg, KS. Oct 23, 2013.

Pediatric Potpourri Series: Childhood Obesity. University of Kansas SW AHEC. September 22, 2011.

Dietary Strategies for Children and Adults. KU Obesity Workshop, Wichita, KS. November 18, 2010.

Obesity Issues throughout the Life Span. Midwest Region Health Professions Conference: Challenges of Tomorrow. Pittsburg, KS. October 27, 2010.

Dietary Strategies for Children and Adults. KU Obesity Workshop, Pittsburg, KS. October 21, 2010.

Dietary Interventions for Weight Management. KU Obesity Workshop. Hays, KS. May 27, 2010.

Successful Weight Management: Practical Applications of Evidence Based Recommendations. Dealing with Medication Induced Weight Gain in Individuals with Mental Illness: What Works? Kansas Medical Education Foundation. Topeka, KS. May 22, 2010

Weighing in on Weight Management Strategies: What Works? (7 Hour Continuing Education Seminar). Chanute, KS. October 17, 2009

Weighing in on Weight Loss Diets: What Works? (5 Hour Continuing Education Seminar). Burlington, KS. March 21, 2007.

Weight Control and Assessment of Ideal Dietary Habits (5 Hour Continuing Education Seminar). Neodesha, KS, July 15, 2004.

Weight Control and Popular Diets (5 Hour Continuing Education Seminar). Independence, KS; April 15, 2004.

### **STUDENT MENTORING**

#### **MS THESIS ADVISOR (4 students)**

<b>YEAR</b>	<b>STUDENT NAME</b>	<b>THESIS TITLE</b>
2011	Lauren Taylor	“Dietary intake and weight fluctuations associated with Food Insecurity in individuals with serious mental illness.”
2011	Cicy Li	“The Relationship between Regular Breakfast Consumption and BMI in Young Adults.”
2013	Ashley Moore	“Dietary Characteristics of Young Children with Type I Diabetes in comparison to My Plate Recommendations.”

2016 (In progress)	Courtney Bothwell	“Meal patterns and diet quality among obese, low-income women undergoing a weight management intervention”
--------------------	-------------------	--

**MS NON-THESIS ADVISOR (21 students)**

<b>YEAR</b>	<b>STUDENT NAME</b>	<b>NON-THESIS TITLE</b>
2009	Alissa Stein (Yamnitz)	“Assessment of Improper Infant Feeding Recommendations by Physicians”
2009	Alissa Riesselman	“Eating Inventory vs Baseline BMI in Patients Participating in a Weight Loss Brain Imaging Study”
2010	Amy Lauer	“Participant manual for post-bariatric surgery weight management class”
2010	Melissa Smith	“The effect of weight loss on the dosage of diabetes medication”
2012	Michelle Willoughby	“Second Life: Development of skills building lessons for dietetic students using virtual reality”
2012	Katherine Barkman	“A Weight Management Intervention for individuals with Serious Mental Illness”
2012	Ashley Craig	“Rate of weight loss during initial 4 weeks of Weight Control Research Project as a predictor for weight loss success”
2013	Courtney Krueel	“Type I Diabetes Mellitus and picky eating”
2013	Alexandra McDonald	“Impact of baseline characteristics on health behavior change of participants in Finity’s everybody get healthy workplace wellness challenges”
2013	Jenna Silverthorne	“Incidence of breastfeeding in Autism spectrum disorders: A pilot study”
2014	Heidi Phillips	“Development of Nutrition Education Material Designed to Address Barriers to Food Security for the “Sensible Weight Program: An Intervention Tailored to Low-Income Women.”
2014	Whitney Lang	“Preparing Behavior Modification Study Materials for Obese Individuals Following a Very Low Calorie Diet.”
2014	Kathryn Reddington	“Complementary and Alternative Medicine in Down Syndrome: A Review of the Literature”
2015	Bethany Caudill	“Assessing diet quality among low-income, food insecure, overweight /obese women in the Sensible Weigh Program: An intervention tailored for low income women.”
2015	Kayla Graves	Assessing Food Security Status and Diet Quality Among Low-Income, Overweight/Obese Women in “The Sensible Weigh Program: An Intervention for Low-Income Women”
2015	Annie Pitts	Development of Nutrition Education Material Designed to Address Weight Maintenance for “The Sensible Weigh Program: An Intervention Tailored

		for Low-Income Women”
2015	Cara Harbstreet	Effects of a weight loss intervention using varying diet intensities on metabolic syndrome and chronic disease risk in obese adults with obstructive sleep apnea.
2015 (In Progress) GP IDEA	Colleen Takagishi	“How lifestyle impacts breast cancer: development of educational materials designed for use with high-risk breast cancer”
2015 (In Progress) GP IDEA	Molly Guetlich	“Carbohydrate-restricted diet for heart disease prevention”
2016 (In Progress)	Amy Herman	“Diet quality during weight maintenance”
2016 (In Progress) GP IDEA	Kayli Hrdlicka	“Occupational performance nutrition for the industrial athlete”

#### MS THESIS COMMITTEE MEMBER (12 students)

YEAR	STUDENT NAME	THESIS TITLE
2009	Cara Montgomery	“The Relationship between Dietary Protein Intake and BMI in Elementary School Children”
2009	Nicole Kreber	“The relationship between the level of DHA in formula fed infants and BMI in the first three years of life.”
2009	Lara Kunz	“The Relationship of Maternal Milk Fatty Acids and Upper Respiratory Illness and Allergic Manifestations in Infants the First Year of Life.”
2010	Katheryn Harvey	“Long-chain polyunsaturated fatty acid (LCPUFA) intake and its relationship to fatty acids in breast, red blood cells and serum LCPUFA in women at high risk for breast cancer”
2010	Amanda Foiles	“The Effect of Omega-3 and Omega-6 Polyunsaturated Fatty Acids on Illness up to 12 Months of Age.”
2010	Corey Harris	“The acute effects of dietary protein at breakfast on reward driven neural activity prior to lunch.”
2011	Crystal Wilson	“Infant and Toddler Illness and Feeding.”
2011	Elizabeth Anderson	“Sleep and Food Preferences.”
2012	Claire Cody	“Early childhood fruit and vegetable consumption”
2012	Lindsey Currie	“The effect of DHA supplementation in formula and maternal smoking status on weight, height, and BMI of children to six years of age”
2012	Randall Evans	“Glutathione and Alzheimer’s disease”
2013	Cheng Li	“Maternal Fat Patterning and Infant Body

		Composition”
--	--	--------------

**MS NON-THESIS COMMITTEE MEMBER (38 students)**

<b>YEAR</b>	<b>STUDENT NAME</b>	<b>NON-THESIS TITLE</b>
2009	Megan Ernst	“Dietary Intake of Individuals with Alzheimer’s disease vs. those without Alzheimer’s”
2009	Laura Kohmetscher	“The relationship between hours of nightly sleep and BMI in elementary school children”
2010	Kelsey Lewis	“Effects of a behavioral pediatric weight management program on calcium intake”
2010	Nhu Nguyen	“Maternal Smoking and Placental and Newborn Zinc Status.”
2010	Jessica Betts	“Increased energy expenditure from exercise and changes in energy and macronutrient intake”
2010	Kelly Tracy	“BMI z-score and Vitamin D”
2010	Leanne Donovan	“Asthma, eczema, allergic rhinitis, respiratory and gastrointestinal illness in docosahexaenoic acid supplemented children from infancy to 4 years of age”
2010	Rebecca Boan	“School lunch consumption in low-income, multi-ethnic middle school students”
2011	Kelly McDaniel	“Understanding the relationship between globalization and diet-related chronic disease: Encouraging dietitians to take the lead in developing structural interventions”
2011	Rebekah Wirtz	“Meal replacements and their efficacy in weight maintenance among breast cancer survivors”
2011	Anne Grothe	“Nutrition for Chronic Kidney Disease Stage 4”
2011	Cheryl Mussatto	“Protein and Sarcopenia”
2012	Sherise Martin	“Change in Nutrition Knowledge with Cooking and Nutrition Class”
2012	Julie Boyer	“Outcomes of a weight loss intervention among rural breast cancer survivors”
2012	Emily Cope	“A comparison of BMI to cognitive function in Alzheimer patients”
2012	Kelsey Jeter	“Nutrition education and self-efficacy for fruit and vegetable intake in low income families”
2012	Lisa Watkins	“Cardiovascular disease risk, food deserts and a healthy diet”
2012	Mary Tipton	“Dairy intake and brain glutathione concentrations in aging”
2012	Kathleen Krecji	“Feeding the hemodynamically unstable patient – A review of the evidence”
2012	Samantha Bendet	“The effects of permissive underfeeding with enteral nutrition on medical outcomes in ventilated, obese adults”

2012	Shayla Murphy	“A qualitative evaluation of a diet and physical activity program for adolescents with intellectual and developmental disabilities”
2012	Deborah Obadan	“Is there a difference in maternal cardiometabolic health characteristics between mothers reporting perceived stress during pregnancy and mothers reporting no stress during pregnancy?”
2013	Bethany Diggett	“Patient-centered perspectives on the access to educational opportunities specific to diet and exercise in the prostate cancer population”
2013	Micah Zeisset	“Outcomes analysis of lifestyle eating and performance mediator release test therapy through client health symptoms”
2013	Robyn Johnson	“Investigating the Relationship between Maternal Trans Fat Intake and Infant Fat Mass Location”
2013	Rebecca Collier	“Edible Tree Garden-Based Nutrition Education for High School Age Teens”
2013	Becca Boan	“School Lunch Consumption in Low-Income, Multi-Ethnic Middle School Students”
2013	Angela Chase	“Dietary Fat and Cholesterol Intake and Amyloid Plaque Burden.”
2014	Jennifer Falcetto	“How does trimester specific weight gain relate to the body composition of the neonate?”
2014	Sarah Grimm	“Association between the Healthy Eating Index and Body Composition in Children”
2014	Laura Simonitch	“Differences in Diet Intake between Overweight/Obese Females with Night Eating Syndrome and Controls”
2014	Brianna Helfrich	“Preparing Behavior Modification Study Materials for Overweight Pregnant Women”
2014	Abby Lowe	“Factors Related to Blood Pressure in 4 to 6 year old Children from the KUDOs Cohort.”
2014	Sondra Philips	“Change in Socioeconomic Status Over Time in Households of the KUDOS Infant Cohort.”
2015	Leslie Gedminas	“Implementation of Second Life Technology for Weight Maintenance”
2015	Jennifer Kothe	“A survey to examine the dietitian’s participation in interdisciplinary patient care”
2015	Lainey Fleck	“Structured interviews to assess barriers in experiencing a healthy pregnancy”
2015	Sara Ingersoll	“Dietary patterns of women during pregnancy and postpartum”

**DISSERTATION CO-CHAIR (1 Student)**

YEAR	STUDENT NAME	DISSERTATION TITLE
2013	Lauren Taylor	“The effectiveness of an enhanced stop light diet in

		adolescents with intellectual and developmental disabilities”
--	--	---

#### **DISSERTATION COMMITTEE MEMBER (4 Students)**

<b>YEAR</b>	<b>STUDENT NAME</b>	<b>DEPARTMENT</b>	<b>DISSERTATION TITLE</b>
2014	Catherine Odar	Clinical Child Psychology, KUMC	“Parent mealtime behaviors association with consumption of unfamiliar foods by young children with an Autism spectrum disorder”
2015	Areum Han	Department of Occupational Therapy Education, KUMC	“The benefit of a person-centered social program for community-dwelling people with dementia and their caregivers: Interpretative phenomenological analysis”
2016? (In progress)	Jennifer Cauble	Dietetics and Nutrition, KUMC	“ <u>L</u> earning <u>a</u> bout <u>T</u> echniques to <u>C</u> reate <u>H</u> ealthy <u>I</u> nfants through <u>N</u> utrition and proper <u>G</u> rowth: The <i>LATCHING</i> pilot project”

#### **DOCTORAL ACADEMIC ADVISORY COMMITTEE MEMBER**

<b>YEAR</b>	<b>STUDENT NAME</b>	<b>DEPARTMENT</b>
2011-2013	Lauren Ptomey	Dietetics and Nutrition

#### **INDEPENDENT STUDY ADVISOR (DN 800 – Topics in Clinical Nutrition)**

<b>YEAR</b>	<b>STUDENT NAME</b>	<b>TOPIC</b>
Fall 2010	Cicy Li	
Summer 2012	Melissa Smith	Obesity and Medication Usage
Summer 2013	Rebecca Collier	School-based Nutrition Education for Teens

#### **Internship Preceptor**

<b>Date</b>	<b>Intern</b>	<b>Rotation</b>	<b>Internship Program</b>
Spring 2009	Corey Harris	Community Rotation	KUMC, Dietetics and Nutrition
Spring 2009	Erin Racki	Community Rotation	KUMC, Dietetics and Nutrition
Summer 2009	Amy Lauer	Community Rotation	KUMC, Dietetics and Nutrition
Fall 2009	Lauren Taylor	Community Rotation	KUMC, Dietetics and Nutrition
Spring 2010	Kathleen Krejci	Community Rotation	KUMC, Dietetics and Nutrition
Spring 2011	Deanna Mortimer	Community Rotation	KUMC, Dietetics and Nutrition
Fall 2012	Taylor Young	Community Rotation	KUMC, Dietetics and Nutrition
Spring 2013	Laura Simonitch	Community Rotation	KUMC, Dietetics and Nutrition
Summer 2013	Angela Nyp	Elective Rotation	Boling Green Distance Internship
