

September 8, 2023

From - the - Dean

The KU Diabetes Institute selected Department of Physical Therapy, Rehabilitation Science, and Athletic Training faculty member **Chun-Kai Huang, Ph.D.**, to receive a 2023 Professional Development Award for Conference Travel. He attended the American Diabetes Association's annual conference held June 23-26 in San Diego. Congratulations.

Our school was well represented at the Occupational Therapy Summit of Scholars held June 22-24, 2023, at Ohio State University in Columbus, Ohio. Occupational therapy faculty members **Tobia Zanutto, Ph.D.**, and **Alice Zhang, Ph.D.**, along with therapeutic science student **Makenna Snyder** each delivered oral presentations. Meanwhile, faculty member **Anna Zanutto, Ph.D.**, and therapeutic science student **Nida' Al Worikat** presented posters. Great job.

A 2023 graduate of our nurse anesthesia practice degree program, **Amy Vance, DNAP**, authored an article published in the International Student Journal of Nurse Anesthesia. Titled "A Patient with an Unsuspected Pheochromocytoma," it was written during her time as a KU student. Nice work.

Office of the Dean staff member **Christi Jones** successfully passed the exam to achieve status as a certified administrative professional. Accredited by the National Commission of Certifying Agencies, the credential is designed specifically for the administrative professional. Well done.

Please be safe and thank you for all that you do.
