

# ADNI4

**IS THE NEXT FRONTIER**

## Strength in Numbers Join **ADNI4**

For nearly 20 years, the Alzheimer's Disease Neuroimaging Initiative (ADNI) has made remarkable discoveries in brain function.

ADNI4 seeks volunteers from all races, ethnicities, and economic and education levels to increase our understanding of Alzheimer's and help fuel earlier diagnosis, treatments, & eventually a cure.

## Please Consider Inquiring If You

- Are 55 to 90 years of age
- Have Normal Memory
- Have Mild Cognitive Impairment\*
- Have Dementia\*
- Can make in-person and virtual visits
- Can commit to the study for 5 years
- Have a Study Partner

*\*Diagnosis is not required*
