

Previewing

Get Ready to Learn

Lecture, Reading or Online Lesson.....

- Previewing should take no more than 20 minutes per lecture.
- Think about previous lecture material covered. How do you anticipate this lecture will relate?
- Look at the lecture objectives. Which slides or pages correlate?
- Define any key terms you cannot understand within the context of the slide/reading. Look these up and add a brief definition to your slide/reading.
- Predict what the instructor will say or what the next section will be about. What questions could you ask about this material?
