KU - Lawrence, Undergraduate Programs <sup>5</sup>	7	13	12	10	12	
KU - Lawrence, Graduate Programs <sup>5</sup>	13	26	14	21	23	

<sup>1</sup> The percentage change between the 3-year enrollment averages for Fall 2019-21 and Fall 2021-23.

<sup>2</sup> Consists primarily of visiting medical students. See page 2. Visiting medical students were not allowed on campus for the 2020-21 academic year due to COVID-19.

<sup>3</sup> Advanced imaging certificate programs offered in collaboration with the University of Kansas Health System (students are classified as undergraduates).

<sup>4</sup> Starting with Summer 2019, students in the interprofessional program in health informatics are counted with the School of Nursing graduate programs.

<sup>5</sup> Students whose major program is at KU-Lawrence, who are enrolled in KUMC courses for the majority of their credit hours.

<sup>1</sup> The percentage change between the 3-year enrollment averages for Fall 2019-21 and Fall 2021-23.

<sup>2</sup> This program allows students to dually enroll in associate-level courses at a participating community college and baccalaureate-level online courses at KUMC.

<sup>3</sup> Beginning in Spring 2013, Advanced Practice students were only admitted into the BSN-to-DNP program.

<sup>4</sup> The health informatics program is overseen by the KU Center for Health Informatics. Prior to Summer 2019, the program was administratively housed in Graduate Studies. Student counts are now included with the School of Nursing, even though the program is interprofessional in nature.

<sup>5</sup> Students in a Lawrence degree program who are enrolled in KUMC courses for the majority of their credit hours.

Unknown	338	300	242	314	443	8.9%	8.2%	6.5%	8.3%	11.4%

<sup>1</sup> Beginning in Spring 2011, full-time status was defined as follows: All M.D. students, Visiting Trainees, and Medical Residents are full-time. (Not a change from prior years.) Doctoral candidates enrolled in dissertation hours and graduate students with a GTA/GRA appointment taking 6 credits or more are also full-time. This is a change from past reporting years. As in prior years, undergraduate students taking 12 credits or more, and other graduate students taking 9 credits or more, are defined as full-time students. However, the totals for this category are based upon the assigned value in the Student Administration System, which historically has underreported the actual number of full-time students based on the above definitions. For official reporting to IPEDS, the classification of full-time and part-time students undergoes additional scrutiny.

<sup>2</sup> "Minority" includes students who are either U.S. citizens or permanent residents, and who indicate they are American Indian/Alaskan Native, Asian, Black, Hispanic, Native Hawaiian/Pacific Islander, or multiracial. The percentage of minority students is derived by dividing the number of minority students by the total number of students. Beginning Fall 2010, Federal Reporting Guidelines required institutions to collect ethnic/race information in a two question format. Students who answered the first question (Are you Hispanic?) in the affirmative are included in the Hispanic counts but may have reported other ethnicities for the second portion. Students answering no to the first question were allowed to select one or more ethnic categories in the second portion. An additional ethnicity, Native Hawaiian/Pacific Islander, is included in the second portion selection.

Salina	59	73	76	69	69					
Edwards (Overland Park)	114	123	116	102	105					

<sup>1</sup> Online-only students are assigned the primary location of coursework delivery. Medical students are assigned to a particular campus, and medical residents and post-residency fellows are tabulated by location of training. Otherwise, a student is counted with the campus where the majority of his or her credit hours reside, with ties being counted toward Wichita.
