Total	\$63,234,484	\$13,105,327	\$1,571,181	\$17,852,103	\$20,155,584	\$115,918,678	953

* Funding consists of research, training, and service grants, and clinical trial revenue that is received from external sources and managed by KUMC Research Institute, Inc (RI). Internal pilot grants are excluded. Each research award and its funding is attributed to the primary department indicated by the principal investigator (PI), which in most cases is the academic home of the PI; therefore, this report is not meant to portray total research activities by KUMC's research centers and institutes. Further, beginning with their FY 2016 Annual Report, the RI has reattributed awards indicated in our source systems that show as lying within a center or institute back to the academic home of the PI, where possible. The "NIH" column includes flow-through amounts. The # of awards listed are those grants, contracts or clinical trials which received funding during the fiscal year.

Affiliated Sources of Research Funding¹	\$5,645,290
KU Endowment Association	\$3,359,839
KU HealthPartners, Inc.	\$61,922
Medical Practice Association - Wichita	\$2,223,529

¹ Includes gifts from KU Endowment Association to the University of Kansas Medical Center's schools and departments during the fiscal year to support research efforts, grants held by affiliated entities like KU Health Partners, Inc. and the Medical Practice Association (Wichita) which directly support research within KUMC schools and departments.
