

# KUMC International Exchange and Global Health Forum

The purpose of the Global Health and International Educational Exchange Faculty Forum:

- **To promote a culture of collaboration and interprofessional efforts**
- **To provide institutional support**
- **To market, recognize and honor faculty efforts**
- **To highlight key partnerships with international faculty**

# KUMC Strategic Plan for International Exchange and Global Health

Insert school's "Why"  
(mission/vision/purpose) here

## Education | Teaching

Our goal is to produce **graduates prepared for culturally sensitive and globally diverse healthcare systems** through accredited and innovative programs, as measured by program accreditations and year-to-year improvement in student survey results  
Produce graduate

## Research | Discovery

Our goal is to increase research and innovation productivity, as measured by an increase in overall NIH funding \$58M to \$100M by 2026  
(10 percent year-to-year increases)

## Healthcare | Caring/Healing

Our goal is to innovatively contribute to improved health, as measured by an increase in state health rankings from 27th to 20th by 2024 and by doubling clinical trial revenue and opportunities by 2026

## People

**Develop and support a valued and respected workforce**

### Outcome Measures:

- Employee survey results: value & respect
- Diversity and inclusion
- Retention

- Enhance opportunities for integrating broad educational perspectives to convey the concept that global is local
- Develop culturally sensitive and globally diverse healthcare workforce
- Support students that need resources during their stay and mobilize resources to help international underserved or resource-limited students

- Recruit train and support faculty engaged in international research

- Enable full participation of international partners in healthcare delivery (KBHA)
- International exchanges include a healthcare component
- Expose students, residents, fellows, faculty to understand global models for family health
- International exchanges include a healthcare component

## Community

**Build, nurture and sustain authentic relationships with communities and partners locally and globally**

### Outcome Measures:

- Partner/community survey results: perception of KUMC
- Fundraising

- Collaborate with communities and institutions to develop healthcare education programs
