

**Radiology Fee Schedule for Research Services  
Effective July 1, 2015**

**1. Administrative Start-Up Fee: \$200**

- Review of study protocol for image upload and special read requirements
- Attendance at site initiation meetings and training sessions
- Test electronic uploading to imaging core lab

**2. Image Uploading Fee: \$100**

- Review of study protocol and training of image upload procedures
- Communication and patient management with study coordinators
- Retrieval of imaging data from PACS
- Deidentification, file sorting, formatting, and renaming of imaging data per protocol
- Completion of appropriate case report and data transfer forms
- Electronic uploading to imaging core lab
- Monitoring completion of forms and measurements by radiologist

**3. \*Special Image Assessment Fee: \$100**

- Additional review of imaging data to assess response to treatment, including but not limited to RECIST criteria
- Coordination of previous patient images for review by radiologist
- Monitoring of completion of forms and measurements by radiologist
- Special read instruction text creation and management

**NOTE:** These fees are in addition to and separate from technical and professional fees billed by the Hospital's Radiology Department. All fees are constructed based on time studies to cover personnel time and departmental administrative resource costs.

\*Fee may be waived if Radiologist is interested in participating as an Investigator on the study.
