Articulation Agreement  
The University of Kansas Medical Center  
School of Health Professions  
Department of Respiratory Care and Diagnostic Science

This Articulation Agreement (the "Agreement") is between The University of Kansas, on behalf of its School of Health Professions Department of Respiratory Care and Diagnostic Science, hereinafter called "KU-SHP-RCDS", and Hutchinson Community College, on behalf of its Division of Health Professions’ Respiratory Care Program, hereinafter called "HCC-RCP".

Purpose:  
The purpose of this agreement is to set guidelines for establishing a cooperative relationship between the two programs and to facilitate mobility of students who complete their associate degree program in respiratory care from HCC-RCP to transfer to the KU-SHP-RCDS for the attainment of a bachelor of science in respiratory care degree.

Admission to KU-SHP-RCDS  
Students who complete an Associate Degree in Respiratory Care at HCC-RCP will be prepared to apply to the on-line BSRC degree completion KU-SHP-RCDS program. Admission is contingent upon meeting the KU-SHP-RCDS program admission requirements specified in the University of Kansas Undergraduate Catalog and admission policies (Technical Standards, Student Participation Requirements, etc.) as specified in the KU-SHP-RCDS Student Handbook. Meeting minimum admission criteria does not guarantee admission into the program, as admission to this program is competitive.

Transfer Credit Agreement:  
A. A minimum of 120 credit hours will be required to earn a bachelor of science in respiratory care degree from the KU-SHP-RC. The final 30 credit hours of junior-senior (300-400 level) must be taken from the KU-SHP-RCDS. A minimum of 45 upper division credit hours must be demonstrated on the student's transcript.

B. Students who graduate with an Associate Degree in Respiratory Care from HCC-RCP, transfer to the KU-SHP-RCDS program with senior level status.

1. Each student seeking admission to the KU-SHP-RCDS from HCC-RCP will have his or her entire individual college portfolio reviewed for appropriateness of course transfer.
2. In addition, each student seeking admission to the KU-SHP-RCDS from HCC-RCP will have their college transcript evaluated through a portfolio review process to determine which respiratory care courses from HCC-RCP will be awarded junior level course credit in the KU-SHP-RCDS. Content deemed substantially similar to the course content from the KU-SHP-RCDS will be the basis upon which credit is awarded to the student at the course-level consistent with the similar course from the KU-SHP-RCDS.

In the event of termination of this Articulation Agreement by either party for any reason, all parties agree to cooperate in furnishing the required educational services until every student under this agreement enrolled at the KU-SHP-RCDS has either completed the degree requirements, has withdrawn, or is no longer eligible to continue (In the event a student does not meet the requirements to earn the Bachelor of Science degree in Respiratory Care through the BSRC program).

Academic Policy and Regulations:  
Unless otherwise identified specifically in this agreement, all other academic policies and regulations of the KU-SHP and the University of Kansas that are described in the catalogs of both the KU-SHP and The University of Kansas and the KU-SHP Student Handbook shall apply to all HCC-RCP students admitted to the KU-SHP-RCDS program.
Articulation Agreement Specifications:
This agreement is valid from the date of authorized signature of all identified parties. This agreement will remain in effect unless terminated by either party. Termination shall be preceded by written notification to the other party intention to terminate one semester prior to the termination date. Both parties may agree to review; amend; or modify this agreement at any time.

This agreement and the rights of the parties shall be construed and governed in accordance with the laws of the State of Kansas.

Financial Aid Specifications:
Students in the respiratory care contracted articulation program are eligible to receive financial aid for semesters in which they are enrolled in at least half-time enrollment. In the event the student is enrolled in a college other than KU said student will only be eligible for financial aid from one institution. The student financial aid office at KUMC will provide financial assistance based on the departments acceptable criteria.

Signatures:
Representatives of the parties listed indicate their agreement to this articulation agreement by their signatures below. The agreement shall be effective from the date of signature. The signed original of this contract will be kept on file in The University of Kansas School of Health Professions.

Lisa Trujillo, DHSc, RRT, FAARC
Program Director and Assoc. Professor
Department of Respiratory Care and Diagnostic Science
The University of Kansas Medical Center

Dave Burnett, PhD, RRT
Chair of Respiratory Care and Diagnostic Science; and
Associate Dean of Faculty Practice and Community Partnerships
The University of Kansas Medical Center

Abiodun Akinwuntan, PhD, MPH, MBA
Dean of School of Health Professions
