

THE KANSAS MEDICAL STUDENT LOAN – PSYCHIATRY PROGRAM

The Kansas Medical Student Loan Program - Psychiatry (KMSL- Psych) was established by the State of Kansas to encourage students attending the University of Kansas School of Medicine to practice mental health care in areas of need in the State of Kansas. The KMSL- Psych assists students with costs associated with attending the University of Kansas School of Medicine.

The KMSL- Psych is awarded annually, effective for an academic year. The KMSL- Psych provides payment of tuition, and living expenses of up to \$2,000 a month. Nine (9) monthly stipends are allocated for the 1st and 2nd years, eleven (11) monthly stipends for the 3rd years, and ten (10) monthly stipends for the 4th year of enrollment at KUMC.

ELIGIBILITY AND APPLICATION REQUIREMENTS

Students admitted to the University of Kansas School of Medicine in a course of instruction leading to the degree of Doctor of Medicine, are eligible to apply for the Kansas Medical Student Loan - Psych. Priority consideration will be given to Kansas residents from rural counties that demonstrate financial need and are in good academic standing.

Students applying for KMSL- Psych for the first time must file the Free Application for Federal Student Aid (FAFSA) in addition to the KMSL- Psych application. The KMSL- Psych application is available on the Student Financial Aid website, and the FAFSA can be completed at www.fafsa.gov.

Students selected for KMSL- Psych will sign loan agreements and promissory notes. Once the paperwork has been completed, arrangements will be made for the payment of tuition and appropriate stipends.

Currently enrolled KMSL- Psych recipients are not required to file the Free Application for Federal Student Aid (FAFSA). Contingent upon meeting the Student Financial Aid office's Satisfactory Academic Progress policy, renewing students will automatically be awarded KMSL- Psych funds upon reapplication.
