BACKGROUND:

The Federal Nursing Student Loan is a program funded through the Department of Health & Human Services (HHS). It is a low-cost federal loan program for nursing students with financial need. The interest rate is 5% and begins to accrue nine months after graduation, or the student ceases to be enrolled as a half time student. There are no origination fees for the loan. The federal government pays interest on the loan until the student begins repayment nine months after graduation and during authorized periods of deferment. KUMC is the lender of this loan.
