Vehicle Repair Cost of Attendance Appeal 2022-23

The Student Financial Aid Office may be able to increase a student's Cost of Attendance to assist with the costs of vehicle repairs that are necessary in order to allow students to attend classes and clinical locations. Requests for additional financial aid to cover these costs should be submitted no later than 45 days prior to the last date of the student's academic year. If approved, students are able to borrow additional loans to cover the cost of the vehicle repairs.

To protect your information, we ask that all documentation be sent confidentially using your KUMC.EDU email address. STUDENT NAME **7-DIGIT STUDENT ID** **AMOUNT REQUESTED**

While a student's financial aid COA includes an allowance for maintenance of a vehicle, an adjustment can be made for vehicle repairs that exceed the budgeted amount. Please note that financial aid COAs cannot be increased for the purchase of a vehicle. **Expenses above the budgeted amount are covered on one primary vehicle per year**. Once a student has submitted receipts for a vehicle, that vehicle becomes "primary" in terms of consideration for COA appeals.

The COA increase will represent the difference between the actual repairs and the budgeted allowance. Paid receipts must be submitted for any repairs for which the COA adjustment is being requested. Receipts must be submitted prior to the release of any subsequent financial aid.

Since the COA includes an allowance for comprehensive and collision car insurance, a 2022-23 COA adjustment for an accident will cover a reasonable deductible of $500. If the student has not purchased comprehensive and collision car insurance, the Office of Student Financial Aid will not increase the COA to cover any expenses which would have been covered by insurance.

I attest to the accuracy of the information provided in this document.
