Read these highlights to learn more about your Plan. If there are any discrepancies between this document and the Plan Document, the Plan Document will govern.

About the 403(b) Plan

A 403(b) plan is a retirement savings plan designed for employees of public schools and tax-exempt organizations. A 403(b) plan allows eligible employees to supplement any existing retirement and pension benefits by saving and investing before-tax dollars through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn.

Eligibility Requirements

Employee Before Tax

To enroll in the Plan, employees must meet the following criteria:

- No age requirement
- No service requirement
- Completed at least 1 hour(s) of service

Eligible employees may enroll immediately.

Please contact your Plan Administrator for information regarding excluded employees.

Enrollment

You may enroll by using the online enrollment option available at empowermyretirement.com.

Contribution Limits

Before Tax

In 2022, the Before Tax amount is between 1% and 100% of your compensation or \$20,500.00, whichever is less.

Participants turning age 50 or older in 2022, may contribute an additional \$6,500.00.

Participants who have worked 15 years or more with the same organization may be able to contribute more than the normal limit. You may contact your retirement services representative for more information. These limits may be reduced depending on the terms of your Plan.

Roth

The Roth option will give you the flexibility to designate all or part of your 403(b) elective deferrals as Roth contributions.

Roth contributions are made with after-tax dollars, as opposed to the pre-tax dollars you contribute to a traditional 403(b). In other words, with the Roth option, you've already paid income taxes on money you contribute. With the traditional 403(b), your contribution is made on a pre-tax basis and you pay income taxes only when you take a distribution.

A wide array of core investment options are available through your Plan. Each option is explained in further detail in your Plan's fund sheets. Once you have enrolled, investment option information is also available through the website at

¹Governmental 457 funds rolled into another type of plan or account may become subject to the 10% early withdrawal penalty if taken before age 59 1/2.
