

KU School of Medicine-Wichita Center for Clinical Research
would like to extend a heartfelt THANK YOU to all of our
community physicians, partners and participants. We truly
could not do it without you!

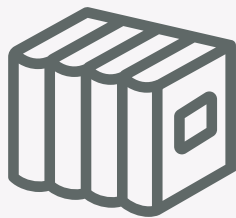

Happy Holidays

From all of us at
KU School of Medicine-Wichita
Center for Clinical Research

2022 HIGHLIGHTS

- CCR partnered with the Frontiers CTSU and the Alzheimer's Disease Research Center in order to collaborate and bring a broader range of clinical trial opportunities to the Wichita area.
- CCR staff attended over 35 community events, engaging with providers and potential participants in bringing an overall awareness to enrolling trials.
- On track to open four new studies in early 2023 for Alzheimer's disease, chronic cough and Crohn's disease.

13 TRIALS

149 PARTICIPANTS

401 APPOINTMENTS

We are currently seeking participants in the following studies. If you or someone you know might benefit, please have them reach out.
