

Select from the strategies listed here and utilize the action plan (attached) to formulate a timeline for when specific tasks need to be completed, who needs to complete the tasks, and determine what resources are required.

- Provide healthy snacks (especially fruits and veggies) in the breakroom
- Provide safe, unflavored, cool drinking water to employees at no cost
- Decrease availability of sugar-sweetened beverages
- Provide healthy vending
- Offer on-site purchase of fruits and vegetables (e.g., farmer's market, CSA)
- Roll out changes with taste tests, promotions, and pricing strategies
